# PIS-RESTOR

*For the health and hygiene of the udder and teats*

Notification No VHP Health Canada : NN.M1K8

## INGREDIENTS

Essential oils  
Lactic acid  
Vitamin E  
Glycerin  
Sorbitol

## USE OR RECOMMENDED END

**PIS-RESTOR** lotion moisturizes udders and teats and, with its softening and soothing properties, creates a barrier and protects against external soiling (such as manure, mud, dirt). Helps maintain clean skin and udder and teat integrity.

## RECOMMENDED DOSAGE

### Topical lotion for teats (dairy cattle)

Apply a total of 7 ml of PIS-RESTOR on the teats and udder base after milking, 2 or 3 times daily.

A withdrawal period for meat or a withdrawal period for milk is not required.

## STORAGE

Keep the container closed to avoid any contamination.

Store in a cool place (between 15 and 25 ° C) – Keep from freezing.
