TECNOGUT®

Veterinary Health Product

Health Canada NN.Z6M9

Recommended Use :

- **Supports and optimizes gut health and gastrointestinal microbiota functions**
- **Promotes and maintains healthy immune function**
- **Contributes to nutrient absorption and healthy digestive metabolism**

Interest of use:

- Better feed conversion
- Alternative to the use of antibiotics (RWA, ABF, NAE and organic production)
- Do not create resistance
- Maximizes yield and return on investment
- Improves the zootechnical and economic results
- Contributes to lowering the pH of drinking water

Directions for Use:

Add and mix 2 L of TECNOGUT per 1000 L of drinking water for chickens, turkeys and swine.

Administration by metering pump:

To prepare a stock solution of 10L, mix 2L of TECNOGUT in 8L of drinking water and stir the solution well before dispensing. Set the metering pump to 1:100. Administer during 7 days.

Prepare a fresh solution every day.

No withdrawal period is required.
